

## ACF Tri-Regional Human Services and Disasters Virtual Leadership Forum

Wednesday, September 9, 2009

### WELCOME

#### Save the Date Forum Brief

The Virtual Leadership Forum is a day long “on-line” event in response to the increasing demand for information about human services in disasters in the three hurricane impacted regions. The Forum is a unique opportunity for emergency management and human services leaders to discuss the delivery of human services during disasters, identify challenges as well as strategies and innovative approaches to address emerging issues. This event will build on the success of other ACF sponsored events that brought together the leadership of key emergency management and human service agencies and non-profit organizations. This virtual event is integral to promoting communications at the highest levels between governmental human services agencies, non-profit community based organizations, and the emergency management communities for effective responses during crisis events across the tri-regional area.

Attendance is free, but you must register early.

More information is coming soon. Check back often.
